Dear Colleagues,

Together with the board members of the RBSPRM Society, we are pleased to announce the first-ever **ONLINE Annual Congress of the Royal Belgian Society of Physical and Rehabilitation Medicine (RBSPRM)**, which will take place on Friday 11 December 2020.

Much to our regret, it will not be possible to meet in person this year, but we are happy to be able to propose a top-notch online programme with state-of-the-art lectures by renowned national and international speakers. The main theme this year is: **'From Evidence to Practice'**.

The programme consists of 20-minute invited lectures and an update of national and international news and PMR. There will also be short 2-minute poster presentations. The ePosters will be made available on the website. At the end of each session there will be time for Q&A.

We hope to welcome many of you to the first virtual edition of the Annual Congress and remain,

Yours faithfully,

Gaëtane Stassijns
President of the RBSPRM
